

Adjustable Height Pedestals

Adjustable height pedestal system uses a 2-3/8", 2-7/8" or 3.4" post, 9" or 12" bases. Designed for stability and quiet operation.

Feature choices

Swivel Slide

Locking & non-locking swivels, & slide/swivels. Use machined bushings for reduced wobble. Slides provide 5" of smooth travel using center rail design.

Post

2-3/8", 2-7/8" & 3.4" posts, options, variety of adjustable heights. Select units with additional inner post supports to eliminate wobble.

Base

Post is pressed in and flared, insuring 100% contact between the post and base, eliminating squeaks. Available in 9" and 12" bases.

Options

Swivel stop available to avoid potential contact between seat and engine controls. Variety of finish options, clear anodized, bright dip anodized or black hard-coat anodized.
