

FlexRail Swivel Table System

Innovative. Movable. Space-Saving.

Mount the sleek aluminum slide rails once, then move the table anywhere along the rail system. The cylindrical pedestal snaps together in seconds for rock-solid support and disassembles into two compact pieces for storage. The swivel pivot top supports a main tabletop plus a swinging extension leaf — instantly doubling your surface. One end clips securely to the rail while the pedestal creates a stable, professional-looking table that glides effortlessly.

Feature	Benefit
Glide Anywhere	Choose 15" or 36" slide rails; butt multiple rails together end-to-end for any length run you need. Mounting clips let the table move and lock into multiple positions.
Stow in Seconds	Pedestal leg disassembles into two easy-to-store pieces with secure connectors.
Instant Extension	Swivel pivot top supports a main tabletop plus a swinging extension leaf — doubles your usable surface on demand.
Rock-Solid Stability	Rail-mounted clip system combined with the pedestal creates a stable, wobble-free table.
Premium Modern Design	Clean cylindrical aluminum pedestal, precision-machined components, and sleek styling that complements high-end RV interiors.
Fully Customizable	Table leg height can be tailored to your exact specifications (minimum order required).

Why Choose Flexrail Swivel Table System?

Specifications • Slide Rail Lengths: 15" and 36" (butt-together for extended runs) • Table Leg Height: 28" & Custom (minimum order required) • Includes: Slide rail(s), left + right end caps, table leg with pivot/swivel top, pair of mounting clips • Compatible with most RV tabletops • Quick setup / teardown

"Deliver the experience your brand deserves."
